Charter Signatories to Convene with Plan Development Team November 18 for Review of Final Work Products

Charter signatories will be convening with our team one last time on November 18 at 2pm. The first part of the meeting will include a review of the final plan, with an emphasis on any final changes that have been made since the last iteration of the plan was reviewed. We'll close out our work with the charter signatories by sharing the Oregon Explorer landing page and map viewer. At the conclusion of the meeting, all deliverables from our team will be completed and available for the full partnership.

We'll then turn the meeting over the Alexandria and the co-conveners to address next steps.
