

## **Questions from/after the September 28<sup>th</sup>, 2021, MC-WPP Webinar**

**Q1: Is there going to be a map layer option for LiDAR? (Cyndi Karp)**

**Answer: There may be an option to add to add the data layer we can look into it. (Marc Rempel, Water Action Plan Development Team Member)**

**Q2: Can this plan be an example for other coastal and Oregon communities to follow our example? (Cyndi Karp)**

**Answer: The Place-Based Planning pilots are meant serve as examples of place based integrated water planning for future and existing planning groups to take what we have done and learned and build upon them. (Alexandria Scott, Mid-Coast Water Planning Partnership Planning Coordinator)**

**Q3: When will we get a link or a copy of the plan? (Seth Barnes)**

**Answer: The plan in word doc form or pdf whichever you prefer is actually available on the website at the top of this page <https://www.midcoastwaterpartners.com/draftwateractionplan>.**
