

*Prioritization of actions utilized in these stages (e.g., Partnership identifying which actions to assist with moving forward utilizing the prioritization, and implementation support tools developed following the prioritization order)

Example Types of Potential Partnership Support

- Ideas for funding sources
- Contact information for potential partners
- Letters of support
- Strategic or technical advice to strengthen projects
- Project sharing opportunities (e.g., Partnership emails, Work Group meetings, Partnership meetings)
- Action Implementation Support Tools
 - Table identifying leads and participants for each action in the Water Action Plan
 - Implementation Guide (To be developed starting with Category A)
 - Guidance for each action
 - Approach
 - Resources
 - Outcomes
 - Monitoring Tracking Database
 - Spreadsheet to track available data, data being collected, and data needs
 - Supports tracking of performance metrics for actions
 - Action Implementation Tracking Database
 - Database for tracking projects and project accomplishments, as well as how the Partnership is supporting projects
- Grant writing workshop
- Surveys
- Committee/Work Group formation
